DETROIT'S KIDS ARE IN DANGER......
AND WE CAN HELP!

CLEARCorps Detroit...........

Working to keep Detroit's children safe from lead poisoning......wants you to know......

- Detroit kids, ages 6 and under, are in danger of being lead poisoned if residing in homes built before 1978
- Over 2,300 Detroit children were lead poisoned in 2012
- 93% of Detroit's houses were built before 1978 and contain lead paint
- Lead poisoning is 100% preventable

A city wide community program, CLEARCorps Detroit can help!

</table>

What You Can Do Now:

- **WASH** kid's hands frequently
- Get children under 6 tested **every year**
- **WASH** children's toys, pacifiers, and bottles often
- Feed your children a low fat, **high calcium, high iron diet**
- **CLEAN** window troughs and floors weekly to reduce lead dust
- **Take your shoes off** before entering the home
- **Make sure children** are not at home when remodeling or renovating
- **Wash work clothes separately** if someone works in a lead related field
